## Custom Built Exhibition Stands to Suit You...

### How it works...

- We'll send you a "brief" sheet to complete
- The team will openly discuss your project and communicate any queries accordingly
- Our experienced Designers will prepare 3D concept visuals & CAD layouts for your review
- Your feedback will be welcomed and we'll make any appropriate alterations
- When you are completely satisfied, we'll present a comprehensive proposal including quotation, specifications, samples & work schedules
- Upon approval, relax in the knowledge that your project will continue with professionalism and courtesy throughout!

## Custom Built Exhibition Stands...

- 30 years' experience in the Industry
- Complete turnkey service from design through to completion
- Creative design & concept visuals from people who listen to your requirements
- Exceptional quality & service at every level

## Custom Built Exhibition Stands...

- One to one service throughout the entire project
- On site supervision and sign off walkaround to ensure complete satisfaction
- In house construction throughout UK & Europe plus service partners in USA, Asia & Middle East
- 1000's of satisfied clients both small & large

## Custom Built Exhibition Stands...

- Attentive & professional tradespeople
- Vast inventory of ancillary services including Furniture, Graphics, Audio Visual, storage etc
- All H&S documentation submitted including risk assessments, method statements, CPP etc
- Adapt and facilitate any budget
